

Motivational Letter Master's Degree in Managing Digital Transformation in the Health Sector (ManagiDiTH)

Dear Admissions Committee,

I am writing to express my interest in the ManagiDiTH Master Programme. As a medical doctor currently immersed in the dynamic landscape of AI health technology, I am deeply motivated to enhance my skills and knowledge to contribute meaningfully to the digital transformation of the health sector.

My current employment in Dyania Health, a technology and medical research-focused startup company, has exposed me to the immense potential of technology in revolutionizing healthcare delivery. Recognizing the urgent need for professionals proficient in both healthcare and digital skills, I am motivated to further develop my expertise in this intersection. The ManagiDiTH Master Programme, with its focus on equipping healthcare professionals with specialized digital skills, presents an unparalleled opportunity for me to acquire the necessary competencies to effectively navigate the complexities of this rapidly evolving field.

I am particularly drawn to the collaborative nature of the programme, which fosters interdisciplinary learning and facilitates knowledge exchange among peers from diverse educational and cultural backgrounds. I am excited about the prospect of engaging with esteemed faculty members and fellow students, as I believe such interactions will enrich my learning experience and will serve as motivation for me to innovate and drive positive change in the healthcare industry.

Upon successful completion of the program, I envision a multifaceted approach to my career, where I actively engage in various avenues where healthcare and technology converge. This includes participating in research endeavors to advance knowledge in this field, offering consultancy and advisory services to healthcare institutions to implement innovative solutions, and exploring entrepreneurial ventures aimed at developing and commercializing digital health solutions. Through these endeavors, I aim to contribute significantly to the advancement of healthcare delivery and make a tangible impact on patient care and outcomes.

In conclusion, I am genuinely excited about the opportunity to be part of the ManagiDiTH Master Programme and contribute to the advancement of healthcare systems and services across Europe. I am confident that my background as a medical doctor combined with my passion for digital innovation makes me a strong candidate for this transformative programme.

Thank you for considering my application. I look forward to the opportunity to further discuss how I can contribute to and benefit from the programme.

Sincerely,

Theofanis Alexandris
