WORK EXPERIENCE

Registered nurse at homecare

Soite [17/12/2018 – Current]

City: Perhönjokilaakso | **Country:** Finland

- Team leading. Delegating tasks daily and taking on the most challenging ones.
- Favoring teamwork, giving, and receiving constant feedback from the team.
- Being the link between correct diagnostics and effective implementation of care.
- Constant communication with doctors and specialist nurses.
- Directing resources efficiently. Ordering materials and keeping records.
- Receiving health reports and leading clients forward within the care system.
- Managing schedules and being responsible for clients' safe medication in general.
- Updating medication lists and ordering client's medications.
- Executing medication changes and communicating effectively.
- Daily collaboration with pharmacy and other nearby teams.
- Specialized practical skills such as taking blood samples, ventrogluteal injections, wound care, ear flashing, catheters...
- Vaccinating a wide range of clients, not only those who comply with homecare criteria.
- Warfarin management from measuring INR to ordering dosages.
- Assessing aseptic status and disease spread control.
- Ordering determined blood counts and other laboratory tests after assessment of symptoms.
- Evaluating the client's physical, mental, social, and cognitive status, and reporting it officially.
- Filling various official forms regarding rehabilitation, social benefits, housing, cognition, continuation of care, and specialized needs, just to name a few.
- Assessing various care appliances' needs, making official decisions on yearly usage and costs, and ordering them on time.
- Being responsible for automated medication dispensation robots.
- Evaluating pain and its suitable management and transferring the status to the doctors.
- Managing various databases and keeping them updated.
- Reporting risks to official departments, such as the fire department or local government.
- Ensuring that trainees get the required quality preparation.
- Looking after the other nurses' well-being and seeking workload balance.
- Keeping theoretical and practical knowledge up to date.
