

Lausanne, 29 December 2022

To whom it may concern

We certify that Dr. Noémie Tentillier, date of birth 14 January 1986, of French nationality, was employed at AC Immune SA, Lausanne from 16 July 2020 to 31 December 2022, as Research Scientist within our Research Department in the AD Vaccines & Immunoanalytical Sciences team.

During her time with AC Immune, Dr. N. Tentillier main responsibilities were as follows:

- To identify the best proprietary antibodies for use with different immunoassay technologies, plan and perform immunoassays using various techniques.
- Setup and develop new immunoassays for use in biofluid measurements, demonstrating applicability in biofluid samples from subjects with neurodegenerative conditions.
- Analyses of data using specialized software tools and interpretation of results.
- Keeping up to date electronic laboratory notebook records of all experiments performed.
- Work closely with collaborators, presenting regular updates, plan and deliver results in a timely manner.

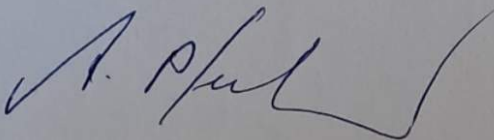

Moreover, as part of the core team working on biofluid assay development, Dr. N. Tentillier consistently delivered high quality data that were key for good progress of the project.

Dr. N. Tentillier is a talented scientist who has a very high potential and drive to be innovative thanks to her natural curiosity, flexibility, and great autonomy. She consistently delivered an exemplary and outstanding performance, contributing to the success of projects she was involved in.

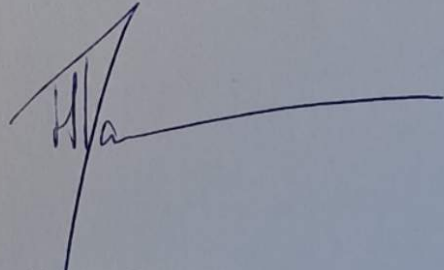

Dr. N. Tentillier performed her duties with a high level of commitment, to our full satisfaction, and was keen to exceed the set of objectives whenever possible. She consistently enjoyed excellent relationships with her superiors, peers, and colleagues within our organization.

Dr. N. Tentillier is leaving our company at her own request and free of any obligations to us except for those of confidentiality. We take this opportunity to thank her for her great contributions and wish her all the best for her professional future.
