

UNIVERSIDADE
NOVA
DE LISBOA

UNIVERSIDADE NOVA DE LISBOA

The Universidade Nova de Lisboa is a State University devoted to teaching and research in all the main scientific and technological fields, and is formed by nine schools:

FCT FCSH Nova SBE|FE NMS|FCM FD IHMT NOVA IMS|ISEGI ITQB ENSP

NOVA Medical School | Faculdade de Ciências Médicas

DIPLOMA SUPPLEMENT

This Diploma Supplement follows the model developed by the European Commission, Council of Europe and UNESCO/CEPES.

The purpose of the supplement is to provide sufficient independent data to improve the international

"transparency" and fair academic and professional recognition of qualifications (diplomas, degrees, certificates, etc.).

It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value-judgements, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

1. INFORMATION IDENTIFYING THE HOLDER OF THE QUALIFICATION

1.1. Family name(s): LENCASTRE TORRES GONÇALVES
HENRIQUES

1.2. Given name(s): MANUEL

1.3. Date of birth: (day/month/year): 05/01/1993

1.4. Student identification number or code: 2011315
ID/Passport number: 14170226

2. INFORMATION IDENTIFYING THE QUALIFICATION

2.1. Name of qualification and title conferred (*in original language*):

Mestre em Medicina (MD, i.e. Medical Doctor) - Mestrado Integrado

2.2. Main field(s) of study for the qualification:
Medicine.

2.3. Name and status of awarding institution (*in original language*):

Universidade Nova de Lisboa (State University)

2.4. Name and type of institution (if different from 2.3) administering studies (*in original language*):

NOVA Medical School | Faculdade de Ciências Médicas

2.5. Language(s) of instruction/examination:
Português.

3. INFORMATION ON THE LEVEL OF THE QUALIFICATION

3.1. Level of qualification:

Integrated university undergraduate + post-graduate (Master)

3.2. Official length of programme:

360 ECTS (6 yrs.)

(1 ECTS = 28 hours)

3.3. Access requirement(s):

Candidates will be admitted according to one of the following procedures:

- General regime: to enter the general regime it is necessary to have successfully concluded the secondary education or legally equivalent national or foreign qualification, and obtain a minimum classification of 14 values in a scale of 0-20 on the compulsory admissions examinations and must fulfill the necessary prerequisites – Group B
- Special admissions (Appendix II).

4. INFORMATION ON THE CONTENTS AND RESULTS GAINED

4.1. Mode of study:

Full time

4.2. Programme requirements:

The student must complete 360 credits in the scientific areas indicated underneath. The degree on Master of Medicine is obtained after approval in all curricular units and successful public discussion of the 6th year training report.

Scientific areas necessary for obtaining degree or diploma:

Scientific area – Teaching and Research Units in:	Code	Compulsory credits
Morphological Sciences	CM	53.5
Functional Sciences	CF	49.5
Biopathology	BP	39.5
General and Familiar Medicine, Public Health	MP	21.5
Auxiliary Methods of Diagnosis and Treatment	MC	19
Medicine	MD	72.5
Surgery	CI	41
Medical-Surgical Specialities	OT	6.5
Child and Maternal Health	PG	27.5
Mental Health	SM	17.5
Human, Social and Technological Studies	HT	12
TOTAL		360

Competences:

At the end of the MD studies students will have obtained a solid basic and clinical formation, being able to develop clinical and research activities requiring permanent updating.

4.3. Programme details, and the individual grades/marks/credits obtained:

See Official Transcript of Records- Appendix I

Indication of qualification obtained outside the Institution

The student completed a mobility period, in Poland, at Wroclaw Medical University, from 26/09/2014 to 28/01/2015, under the Erasmus + Program.

The student completed a mobility period, in Brazil, at the Universidade Luterana, from 15/02/2016 to 13/05/2016, under the Cooperation Agreements.

4.4. Grading scheme and grade distribution guidance:

The MD degree is obtained with a final classification, in a scale 0-20, as well as in the European Credit Transfer and Accumulation system (ECTS). The final note is the weighted mean of the classifications obtained in all curricular courses included in the study plan. The student must be approved in all curricular courses with a minimum note of 10, in a scale 0-20.

The translation to ECTS scale for a particular curricular course or at the end of the degree is based on the classification distribution obtained by students that passed the respective course /degree in the three scholar years preceding the one where a successful classification was obtained. It is possible that not all notes of ECTS scale are represented.

Interval	Grade	%
[10-15]	E	15.91
[16-16]	C	51.36
[17-17]	B	27.94
[18-20]	A	4.79

4.5. Overall classification of the qualification (*in original language*):

16 - (C)

5. INFORMATION ON THE FUNCTION OF THE QUALIFICATION

5.1. Access to further study:

Access to doctoral and all PhD studies

5.2. Professional status:

Access to medical practice allowed by the competent portuguese authority: Ordem dos Médicos

6. ADDITIONAL INFORMATION

6.1. Additional information: (curricular courses obtained outside the Institution

6.2. Further information sources:

www.mms.unl.pt

www.unl.pt

www.naricportugal.pt/naric

www.ordendosmedicos.pt

www.acessoensinosuperior.pt

7. CERTIFICATION OF THE SUPPLEMENT

7.1. Date: 31/10/2017

7.2. Signature:

7.3. Capacity: Chefe da Divisão Académica

7.4. Official stamp or seal:

8. INFORMATION ON THE NATIONAL HIGHER EDUCATION SYSTEM(S)

The description of the Portuguese Education System, officially provided by NARIC (National Academic Recognition Information Centre), can be found enclosed (see Appendix II).

Duration: Annual= 1 academic year; Semester= 1 semester; Other= course block

Equivalences: Under "Decretos-Lei 316/83 de 2 de Julho, e 283/83 de 21 de Junho", until 2008/2009. No local grade is granted to this courses. From Academic Year 2009/2010, European Credit Transfer System is used. (Portaria nº 401/2007 de 5 de Abril e o Decreto-Lei nº 107/2008 de 25 de Junho).

APPENDIX II

INFORMATION ON THE NATIONAL HIGHER EDUCATION SYSTEM

The Framework Law on the Education System (Law nr. 46/86, dated 14 October 1986, further amended by Laws nr.115/97, dated 19 September and nr. 49/2005, dated 30 August) establishes the general legal framework of the Education System.

According to this Law, the educational system comprises three levels: basic, secondary and higher education.

Basic Education is universal, compulsory and free and comprises three cycles, the first cycle lasts for four years, the second lasts for two years and the third lasts for three years. Pre-school education is optional and is for children between the ages of 3 and the age of entering basic education.

Secondary education is not compulsory and it comprises a 3 - year cycle (corresponding to 10th, 11th and 12th year of schooling).

Higher Education Structure

Higher Education includes university and polytechnic education.

University education is offered by public, private and cooperative university institutions and polytechnic education is offered by public, private and cooperative non-university institutions.

Private higher education institutions must be subject to the previous recognition of the Ministry of Science, Technology and Higher Education.

Licenciado degree

Both university and polytechnic institutions confer the degree of *licenciado* (bachelor). In polytechnic education, the cycle of studies that leads to the degree of *licenciado* has 180 credits and a normal length of six curricular semesters of students' work. In certain cases namely those covered by internal legislation or by European legislation, the cycle of studies can have up to 240 credits with a normal length of up to seven or eight curricular semesters of students' work.

In university education, the cycle of studies that leads to the degree of *licenciado* has from 180 to 240 credits and a normal length between six to eight curricular semesters of students' work.

In the 1st cycle of studies, the degree of *licenciado* is conferred to those that, after concluding all the curricular units that integrate the study programme of the *licenciatura* course, have obtained the established number of credits.

Mestre degree

Both university and polytechnic institutions confer the degree of *mestre* (master). The cycle of studies that leads to the degree of *mestre* has from 90 to 120 credits and a normal length of between three to four curricular semesters of students' work. In polytechnic education, the cycle of studies that leads to the *mestre* degree must ensure predominantly that the student acquires a professional specialization. In university education, the cycle of studies that leads to the *mestre* degree must ensure that the student acquires an academic specialization resorting to research, innovation or expansion of professional competences. In university education, the *mestre* degree may also be conferred after an integrated cycle of studies, with 300 to 360 credits and a normal length of 10 to 12 curricular semesters of students' work, in cases for which the access to the practice of a certain professional activity depends on that length of time established by legal EU standards or resulting from a stable practice consolidated in the European Union. In this cycle of studies the degree of *licenciado* is conferred to those who have obtained 180 credits corresponding to the first six semesters of work.

The degree of *mestre* is conferred to those that, after concluding all the curricular units that integrate the study programme of the *mestrado* course, have obtained the established number of credits, as well as successfully defended in public their dissertation, their project work or their traineeship report.

Doutor degree

The **Doutor** (doctor) degree is only conferred by university institutions. The degree of **Doutor** is conferred to those that, after concluding all the curricular units that integrate the study programme of the **Doutoramento** (doctorate) course have successfully defended their thesis in the public act.

Access conditions

General regime to accede to higher education

National and foreign students wishing to apply through the general regime to the first cycle of studies, must fulfil the following conditions:

- Have successfully completed a secondary course or a national or foreign qualification legally equivalent;
- Have set for the entrance examinations required for the degree programme the student wishes to attend and get the minimal mark required (There are higher education institutions that accept foreign tests or exams);
- Have fulfilled the prerequisites for the higher education course the student wishes to attend, if required.

Special conditions

Besides the *regime geral* (general regime), there are special conditions for top level athletes, Portuguese citizens on an official mission abroad, national or foreign staff in diplomatic mission, permanent staff of the Portuguese Armed Forces and scholarship holders within the framework of cooperation agreements signed by Portugal.

Special Competitions

Besides the general regime and the special conditions there are also special competitions for applicants with certain specific qualifications thus allowing new publics to accede to higher education in a perspective of lifelong learning, namely:

- applicants over 23 years old who have passed a especial exam for assessing their capacity to accede to higher education;
- holders of a specialization technological course.

Admission to higher education institutions is subject to *numerus clausus*

Those who meet the following conditions may apply to the cycle of studies that leads to the *mestre* degree:

- Holders of the licenciado degree or legal equivalent;
- Holders of a foreign academic degree conferred following a 1st cycle of studies organized according to the principles of the Bologna Process by a State that has subscribed this Process;
- Holders of an academic, scientific or professional *curriculum vitae* that is recognized as attesting the capacity to carry out this cycle of studies by the statutorily competent scientific body of the higher education institution to which they wish to be admitted.

Those who meet the following conditions may apply to the cycle of studies that leads to the *doutor* (doctor) degree:

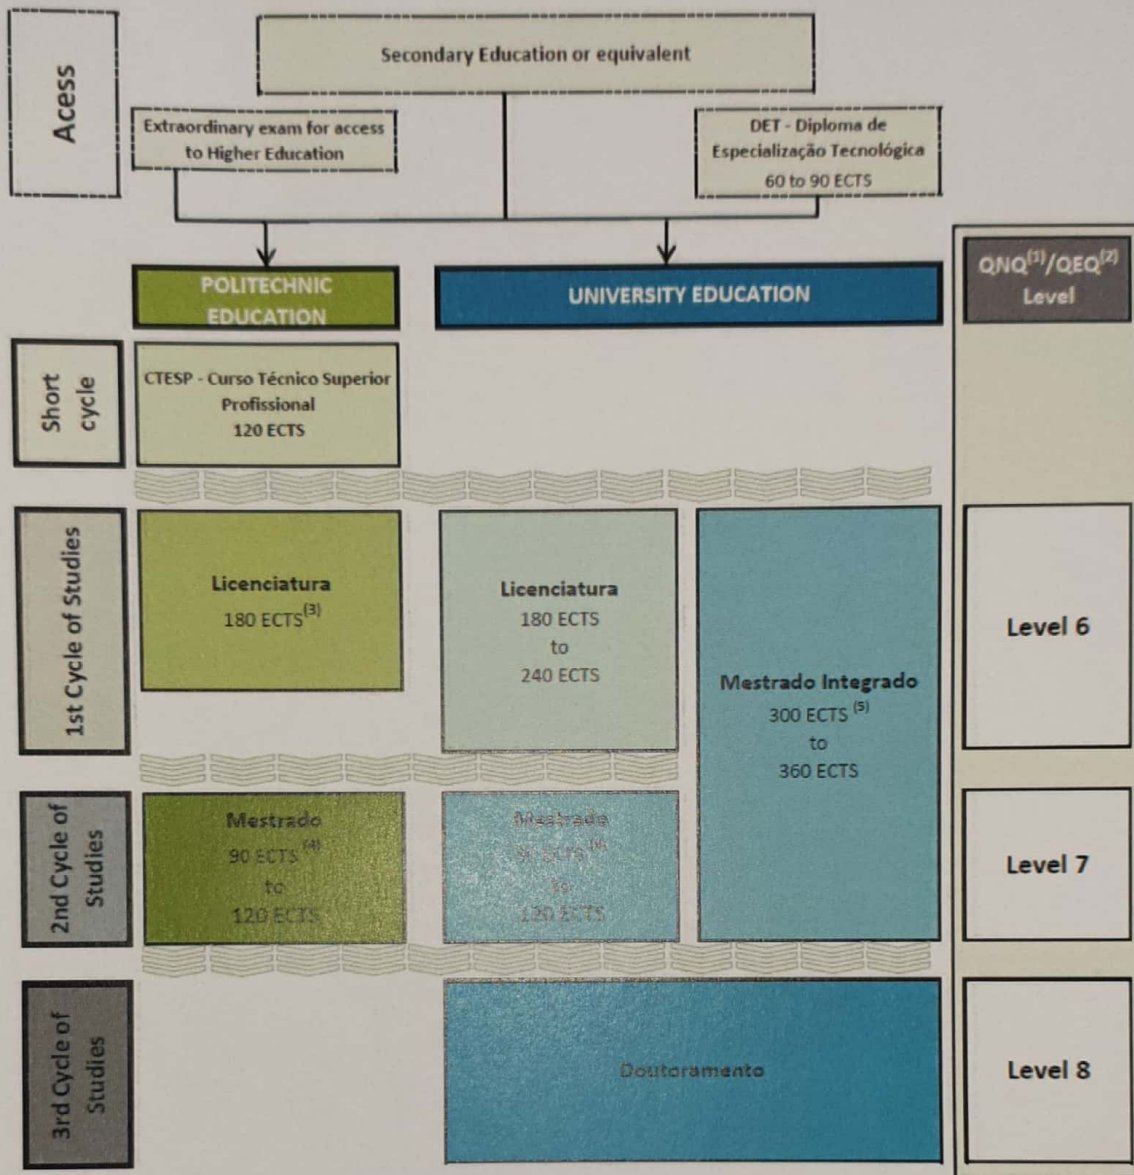

- Holders of the *mestre* (master) degree or legal equivalent;
- Holders of a *licenciado* degree who have a particularly relevant academic or scientific *curriculum vitae* that is recognized as attesting the capacity to carry out this cycle of studies by the statutorily competent scientific body of the higher education institution to which they wish to be admitted.
- Holders of an academic, scientific or professional *curriculum vitae* that is recognized as attesting the capacity to carry out this cycle of studies by the statutorily competent scientific body of the higher education institution to which they wish to be admitted.

Classification System

The degrees of *licenciado* and *mestre* shall have a final classification between 10 and 20 on a numerical scale of 0 to 20, as well as its equivalent in the European scale of comparability of classifications.

The academic degree of *doutor* is assigned a final classification pursuant to the regulating standards approved by the university that confers it.

Portuguese Higher Education System

⁽¹⁾ QNQ - National Qualifications Framework.

⁽²⁾ QEQ - European Qualifications Framework.

⁽³⁾ Except when in order to exercise a certain professional activity requiring education and training ranging between 210 and 240 ECTS.

⁽⁴⁾ In exceptional circumstances, a cycle of studies leading to a Mestre degree in a specialized field may have 60 credits, resulting from a stable and consolidated practice in that specific field at international level.

⁽⁵⁾ A Mestre degree may also be awarded following an integrated cycle of studies, for access to a professional activity, if the length: a) is established by European Union regulations; b) results from a regular and consolidated practice within the European Union; in such cases, a Licenciado degree is awarded to students having obtained 180 ECTS (3 years, 6 semesters).
