## ● WORK EXPERIENCE

5/4/22 – CURRENT Barcelona, Spain

### TECHNICAL LEADER MÉDICOS SIN FRONTERAS

Managing the development and implementation of a Dynamics 365-based supply chain solution for MSF Spain, specifically tailored to meet the unique challenges of operating in emergency and offline environments

20/3/20 – 4/4/22 Barcelona, Spain

### IT COORDINATOR MÉDICOS SIN FRONTERAS

Responsible for managing MSF's Digital Learning Ecosystem team in the enhancement, stabilisation, scale-up and deployment learning system.

1/3/18 – 19/3/20 Barcelona, Spain

### ELEARNING SOLUTIONS TECHNICIAN MÉDICOS SIN FRONTERAS

Responsible for managing and providing technical support to the development of the organisation's personalised learning environment.

#### Key Responsibilities:

- Developed a proof of concept for offline access to learning in remote context that led to the development of a local server solution that gives access to over 95% of MSF staff in the field missions.
- Worked with stakeholders and project teams to prioritise requirements that led to a more agile approach to product development.
- Prioritised requirements that led to a more agile approach to product development through effective management of stakeholders and project teams.
- Managed a team to develop MSF's digital Learning ecosystem which resulted in increased access to online learning for MSF's staff in the field from 5000 users to over 20,000 users over a 4-year period.
- Carried out the initial pilot for platform minimal viable product (MVP) that led to the development of a learning solution for MSF Staff in remote locations with limited access to the internet.
- Implemented a testing strategy that ensured quality assurance for new enhancements and customizations of the learning Platform.

15/5/17 – 28/2/18 Barcelona, Spain

### INFORMATION TECH PROJECT REFERENT MÉDICOS SIN FRONTERAS

Hired as a consultant to support the company in the benchmarking, customization, and support of a learning management system for Fundación Telefónica and Fundación "la Caixa".

#### Responsibilities:

- Designed and developed data assessment frameworks and tools for MSF Missions to assess the need for beneficiaries. This improved the way data is collected and analysed in the field missions.
- Developed and piloted a mental health social media tool for migrants in Mexico that led to an initiative that evaluated and developed a model for outreach and support of migrants in MSF Mexico mission.
- Led research that evaluated a community-based programme in MSF Missions in East Africa that supported the development of offline tools for decentralised models of care.
- Collaborated with various providers and organisations to build on data management policy and implement various components to ensure consistency and compliance to MSF policies and data protection.

19/9/16 – 5/4/17 Nairobi, Kenya

## SOFTWARE IMPLEMENTATION SPECIALIST MEDICROSS HEALTHCARE

---

Carried out the coordination and implementation of hospital management system for Medicross Healthcare across 40 hospitals and clinics in Kenya.

### Responsibilities:

- Deployed a Health Information System to various medical clinics across Kenya to provide a centralised management of patient data and oversight of operations in Medicross Healthcare.
- Developed various End user Trainings, documentation, and guides to improve onboarding and knowledge transfer to various medical and technical support teams across the country.

5/1/16 – 30/3/16 Nairobi, Kenya

## SOFTWARE DEVELOPER - INTERN ENVISAGE MULTIMEDIA

---

Led the development of various health and insurance software's and applications for various companies and organisations working with Virtualtech Consulting limited.

### Responsibilities:

- Managed the Server/System administration activities to improve server up time and allowed insurance clients to access the platform at any time.
- Developed web and mobile application for claims management to allow clients to have access to a more simplified preauthorization for medical claims.
