Agbama Housing Estate,
Umuahia, Abia State, Nigeria

Programme Manager,
Managing Digital Transformation in the Health Sector
ISCTE – University Institute of Lisbon,
Portugal

Dear Sir/Madam,

PROFESSIONAL REFERENCE LETTER: OBASI CHINEDU CHAMBERLIN

I am writing to provide a reference for Mr. Obasi, who has been a valuable member of our team at COPAL CONSULTS NIG, Nigeria, demonstrating exceptional skills and dedication in multiple roles within our organization.

From April 2020 to February 2021, Mr. Obasi served as our Project Manager, overseeing critical projects, including the procurement and distribution of medical supplies and PPEs during the challenging times of the COVID-19 pandemic. He efficiently managed logistics and exhibited innovative thinking, particularly in pioneering 3D printing technology for PPE production.

Subsequently, Mr. Obasi transitioned to the position of Research & Development Engineer/Data Analyst in March 2021 and continues to contribute significantly to our organization. He is responsible for enabling technologies such as, advanced materials, AI in healthcare, digital health, and 3D/4D printing technologies, with a focus on sustainable healthcare systems in low-resource settings. His role involves conducting and designing research initiatives, ensuring compliance with regulatory requirements, providing training and support to healthcare professionals, and analyzing healthcare data to extract meaningful insights.

In addition to his current role, Mr. Obasi is actively involved in a project on “Analysis of Tuberculosis Cases in Kaduna State, Nigeria from 2021 to 2023 using Data Science” and from July 2024, he will be commencing a groundbreaking research project on “The

Integration of 3D and 4D Printing for AI-Driven solutions for Organ Biofabrication and Personalized Medicine pharmaceutical Manufacturing". He is also dedicated to training relevant stakeholders on AI in Healthcare, showcasing his commitment to advancing knowledge in the field.

Mr. Obasi has acquired a diverse set of skills, including but not limited to grant writing skills, Bioprinting skills, logistics management, innovative thinking, research and development, technology evaluation, data analysis, collaboration, regulatory compliance, project management, and documentation.

I have found Mr. Obasi to be a highly motivated, reliable, and diligent professional who consistently strives for excellence in all his endeavors. He has demonstrated a strong ability to adapt to new challenges and has shown a keen interest in leveraging technology, particularly in the field of artificial intelligence, to improve healthcare outcomes.

I wholeheartedly recommend Mr. Obasi for admission to your part-time master's program in Artificial Intelligence. He possesses the academic background, practical experience, and commitment to excel in your program as well as advance AI driven innovations in healthcare.

Please feel free to contact me if you require any additional information.

Sincerely,

Dr. Alamba S. Chukwuma (PhD),
Lead Consultant/Founder
