

Proof Of Work Experience

I am writing to confirm the employment of Rui Diogo Oliveira Rodrigues as a medical resident in family and general medicine at USF Carcavelos. Rui began his internship on January 1st 2024, and is currently working a 40-hour per week schedule.

As a medical resident in family and general medicine, Rui's primary responsibilities, under supervision, include:

- Providing urgent care medical consultations
- Following up on patients with diabetes, pregnancy, child and youth health, and maternal health
- Conducting community development projects
- Contributing to scientific production

If you have any questions about Rui's employment, please do not hesitate to contact USF Carcavelos.

Carcavelos, 2nd July 2024

(Diogo C. Tavares)

Family Health Unit Coordinator
