

Dear Admissions Committee,

I am writing to express my interest in the ManagiDiTH – Master in Managing Digital Transformation in the Health Sector Master's. As a passionate technology enthusiast, I am deeply motivated to contribute to the digital evolution of Portugal's healthcare system, particularly within the primary care.

The multidisciplinary approach, focusing on both the technical aspects of ICT and the social implications within healthcare, resonates strongly with my desire to understand the complete picture. I am particularly excited about the opportunity to learn from esteemed European faculty, gaining valuable international perspectives and fostering a truly multicultural learning environment.

I am particularly drawn to the program's emphasis on implementing new procedures and services through technology. In Portugal's primary care sector, I believe there is immense potential for strategic digital advancements. I am eager to contribute to this progress, developing the knowledge and expertise to propose and implement innovative solutions that will ultimately improve patient care.

Thank you for considering my application. I am confident that my enthusiasm for technology, drive to improve healthcare in Portugal, and commitment to lifelong learning make me a strong candidate for the ManagiDiTH program.

Sincerely,

Rui Diogo Rodrigues
