

Dear Members of the Admissions Committee,

I am writing to express my interest in the Joint Master degree program of Managing Digital Transformation in the Health Sector. With a background in programming and experience working in healthcare university research programs, I am keen to further my education in digitalizing healthcare and social care services using Information and Communication Technologies.

My professional experience includes developing exergames for vulnerable groups, particularly the elderly, to enhance their physical activity. Collaborating with healthcare professionals and researchers has equipped me with the ability to communicate technical concepts to non-technical stakeholders and understand the practical needs of the healthcare sector.

I am excited about the courses on healthcare informatics and digital health strategy offered in your program. I believe these will provide me with the necessary skills to contribute to the digital transformation of healthcare services.

I look forward to the opportunity to learn and engage with like-minded peers. I am confident that my background and passion for digital health will allow me to contribute positively to your academic community.

Thank you for considering my application.

Sincerely,

Theodore Savvidis
