

Dear members of the Evaluation Committee of ManagiDiTH Programme,

I am writing to express my sincere interest in the ManagiDiTH Programme and to present my candidacy for consideration. Enclosed you will find my application materials, including my CV and letters of recommendation.

My motivation for applying to the ManagiDiTH Programme stems from a deep-seated passion for leveraging digital technologies to revolutionize healthcare delivery and management. Having pursued a second bachelor's degree in Health and Welfare Management and obtained a master's degree in Health Services Management, I have cultivated a comprehensive understanding of the intricacies within the healthcare sector.

My career journey, which began in 2004 at the Hellenic Pasteur Institute, has equipped me with a diverse skill set and invaluable experience across various facets of healthcare administration. From liaising with technology stakeholders to spearheading strategic initiatives in diagnostic departments, I have consistently demonstrated a commitment to driving innovation and optimizing operational efficiency.

As a Data Protection Officer since 2018 and currently serving as an Associate in the Office of the Deputy Minister of Health, I have gained insights into the regulatory landscape and the importance of integrating digital solutions to enhance patient care and administrative processes. My professional trajectory aligns closely with the objectives of the ManagiDiTH Programme, and I am eager to further expand my knowledge and skills in digital health management.

Upon completion of the ManagiDiTH Programme, I aspire to play a pivotal role in shaping the future of healthcare by implementing data-driven strategies, fostering interdisciplinary collaboration, and advocating for patient-centric approaches. I am confident that the immersive learning experience offered by the programme will empower me to make significant contributions to the advancement of digital health initiatives.

Thank you for considering my application. I am enthusiastic about the opportunity to be a part of the ManagiDiTH community and to contribute to its mission of driving innovation in healthcare management.

Yours sincerely,

Christine Driva
