Intern Letter of Recommendation

Intern: Mr Grzegorz Kuriata

Student of the University of Gdańsk majoring in Mathematical Modelling and Data Analysis at the Faculty of Mathematics, Physics and Information Technology

Employer: Agency for Health Technology Assessment and Tariff System, ul. Przeskok 2, 00-032 Warszawa

Type of internship: Free internship

Internship period: from 1 August 2022 to 23 September 2022.

Purpose of this letter of recommendation: at Applicant's request

Responsibilities:

- 1) work on the use of the Markov model and Monte Carlo simulation in the prediction of the types of treatment of patients with multiple myeloma for a period of 10 years (in Python and Excel))
- 2) work on the visualization of the treatment process of patients with multiple myeloma in terms of
 - dendrogram (in Rstudio)
 - animated graph (at a specified time interval in Rstudio)
- 3) work on the preparation of the Kaplan-Meier curve for the overall survival of patients with multiple myeloma (depending on the first line of treatment; in Rstudio)

During the entire period of cooperation, Mr. Grzegorz proved to be a reliable intern, punctual and timely in performing the tasks entrusted to him. During the internship he showed great commitment to the tasks entrusted to him, willingly deepened his knowledge in the field of mathematical modelling and data analysis on medical data. As a co-worker he is conflict-free, quickly starts contact with other employees, and can work in a team. During the internship, he took part in training/practical workshops on introduction to Markov models.
