Methods and Research Ethics 3		
Thesis Project	15	Good(3)
Preventive measures for Acute Rheumatic Fever / Rheumatic Heart Disease - A Literature review		

The graduate has not received his/her school education in Finnish or Swedish and has therefore been exempted from the language requirements stipulated by the Decree 352/2003 8§. The graduate has completed the maturity test included in the final thesis in English.

The minimum extent of the degree is 210 credits.

The annual workload of 1600 hours is worth 60 credits according to the European Credit Transfer and Accumulation System (ECTS).

The education includes nursing studies in general care according to Euro directive no. 77/452/EEG and 77/453/EEG and changes in these.

The achievements in the degree certificate are assessed as accomplished or graded as 1-2 (satisfactory), 3-4 (good) and 5 (excellent).

The Degree Thesis is graded as satisfactory (1 or 2), good (3 or 4) or excellent (5).

Helsinki, December 31st 2013

Camilla Wikström-Grotell
