Subject: Master's Programme in Managing Digital Transformation in the Health Sector

Dear Admissions Committee,

I am writing to express my interest in enrolling in the Master's Degree in Managing Digital Transformation in the Health Sector (ManagiDiTH). As a seasoned professional with a diverse educational background and extensive experience in the medical devices industry, I believe that this programme aligns perfectly with my aspirations to contribute to the evolving landscape of digital transformation in healthcare.

Throughout my career, I have witnessed the impact of digital transformation on healthcare services. Having worked across various roles in the medical devices industry, I have developed a deep understanding of the technological innovations that shape modern healthcare nowadays. My professional journey has provided me with the ability to bridge the gap between medical expertise and emerging digital technologies, a skill set that I am eager to refine through this master's programme.

The multidisciplinary nature of the ManagiDiTH programme excites me. It integrates health sector skills with digital competencies. The curriculum, with its emphasis on data science and interoperability, will equip me with the technical and managerial skills needed to drive digital transformation in healthcare institutions. I am particularly interested in courses such as "E-Health and Telemedicine," and "Cybersecurity for Health Systems," as they are directly relevant to my career trajectory and areas of expertise.

Beyond my professional background, I am highly motivated to engage with a diverse cohort of students and faculty from across Europe. The opportunity to collaborate in a multicultural and interdisciplinary learning environment will allow me to exchange ideas on global healthcare challenges. Additionally, the flexible online structure of the programme is ideal for me.

As a summary, I am eager to contribute my expertise and enthusiasm to the ManagiDiTH community. I am confident that this programme will not only deepen my knowledge but also position me as a leader in the digital transformation of the healthcare sector.

I sincerely appreciate your time and consideration and look forward to the possibility of joining this master's programme.

Thank you for your time and consideration.

Yours sincerely,

Sari O'Connell
