

07/02/2025

Dear Members of the Admissions Committee,

I am writing to express my strong interest in the Master's Degree of Managing Digital Transformation in the Health Sector. With a solid academic background in Economics and a keen interest in the transformative potential of AI, I am eager to contribute to and learn from a program that bridges the gap between data-driven technologies and healthcare innovation.

During my undergraduate studies in Economics, I developed analytical and quantitative skills that have prepared me to understand complex systems and interpret data effectively. My academic journey has fostered a deep appreciation for research and a desire to leverage advanced technological solutions to solve real-world problems.

I am particularly interested in how artificial intelligence can be utilized to optimize healthcare processes, improve patient outcomes and support evidence-based policy decisions.

I am excited about the opportunity to study under esteemed faculty members and to collaborate with a diverse community passionate about research and innovation in healthcare.

My academic achievements and my interest in learning and solving problems have inspired me to continue my education. I am excited to take part in research projects and discussions that will help me contribute to AI solutions.

Thank you for considering my application. I am excited about the possibility of joining your academic community and confident that this program will be a significant step toward achieving my goal of making a meaningful impact at the intersection of artificial intelligence and healthcare.

Yours sincerely,  
Maria Geraskli
