Admissions Committee - ManagiDiTH  
ISCTE – University Institute of Lisbon  
Aristotle University of Thessaloniki  
Laurea University of Applied Sciences

Dear Members of the Admissions Committee,

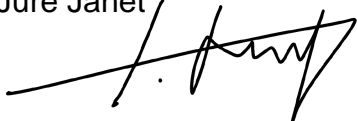

I am writing to express my application for the Master's program in Managing Digital Transformation in the Health Sector at ISCTE – University Institute of Lisbon, Aristotle University of Thessaloniki and the Laurea University of Applied Sciences. With my professional experience in healthcare management and IT, I want to deepen my knowledge about this area and formalize my practical knowledge with a master's degree.

I have been always excited by new technologies, ideas and addressing challenges such as improving patient outcomes, enhancing operational efficiency, and ensuring equitable access to care. During my tenure at the National Institute of Public Health, I have been working as a product manager of the patient portal zVEM and the national triage solution eTriaža. This experience not only honed my technical skills but also highlighted the critical need for strategic leadership in managing digital transformation within Slovenia's central eHealth solutions.

I am confident that the master's course at ISCTE – University Institute of Lisbon, Aristotle University of Thessaloniki and the Laurea University of Applied Sciences will equip me with the advanced knowledge and skills necessary to drive meaningful change within Slovenia's eHealth solutions.

Thank you for considering my application.

Yours sincerely  
Jure Janet
