28<sup>th</sup> March 2016

To whom it may concern,

This is to certify that Mr. Syed Abrar Ahmed has been an employee of LeadTrain from 23<sup>rd</sup> March 2015 to 25<sup>th</sup> March 2016.

Mr. Syed Abrar Ahmed was employed on Full time basis as a 'Principal Software Developer' and 'Project Manager'.

We contracted OuzelSystems, the company of his employment, to develop our product. Now we are grateful that they assigned Mr. Syed to us. This letter is to certify his innovative mindset and exceptional management and coding skills when he was working for us on behalf of OuzelSystems.

His duties and skills include:

- Manage projects and complexity within the product portfolio; delivery of benefits by leading project team towards achieving set goals
- Communicate and work with client to understand project specifications and give insight into the actual development and how it can be improved
- Manage project resources coaching and training development whilst on project
- Responsible for accurate and punctual reporting against the project plan and dialing work progress
- Come up with and implement web architecture to cater project requirements and any other future client needs
- Use Agile Methodologies and various project management tools to keep the milestone delivery on schedule
- Develop and automate project development and deployment pipeline via AWS (Amazon web services) and Shippable
- Use Git repos to share and collaborate on multiple branches of the code for rapid development
- Provide end-to-end web solution using MEAN stack
- Integrate third-party services like Mandrill, InfusionSoft and Stripe
- Expertise in code integration and deployment (CI/CD)
- Expertise in HTML5, Sass, AngularJS and Bootstrap UI

Sincerely,

Kyle Hill  
CTO  
LeadTrain, Inc
