Dated: 6st Jan 2014

To Whom It May Concern:

This is to certify that Mr. Syed Abrar Ahmed, S/o Syed Israr Ahmed was employed with as a 'Software Developer' on a Full Time basis in the Software Development department at Panacloud (Karachi, Pakistan) from July 1st, 2012 until Jan 1st, 2014. His basic salary was Rs. 50,000.

During the period of his assignment, we found him sincere, hardworking and a keen learner. In our opinion, he was an extremely motivated, duty bound and highly committed team member and that his knowledge was quite a valuable asset to our company.

His duties, responsibilities, activities and skillsets include:

- Developing complete web architecture using WinJS Framework.
- Designing front-end UI with Bootstrap Framework
- Integrating different frameworks with NodeJS Server-Side Technology
- Extensive use of MongoDB, non-relational databases with NodeJS
- Exceptional skills with Javascript, CSS, HTML and JQueryMobile
- Responsible for porting web based solutions to mobile devices using Cordova
- Responsible for implementing and maintaining four way data binding using PouchDB
- Exceptional understanding of MEAN stack
- Sound knowledge of Facebook Apis and OAuth open standards for authorization.
- Sound knowledge of Google Drive Apis and integration
- Develop applications and project using existing technologies that is implemented in a structured, maintainable fashion
- Responsible for coordination, requirements derivation, software design and implementation of projects

We wish him all the best in his future endeavors.

Sincerely,
Zia Khan
Chief Executive Officer
