

Re: Mr. Syed Abrar Ahmed;

17th September 2024

School of Public Health, Physio & Sports Sci.
Woodview House,
University College Dublin,
Dublin 4, Ireland

To whom it may Concern;

It is my pleasure to provide a reference for Mr. Syed Abrar Ahmed in support of his professional portfolio and future endeavours.

Syed has been a key member of the digital public health subject area Expert Advisory Group within the ASPHER Core Curriculum Programme for Public health, he started this role as part of his extracurricular duties within his first year of his EuroPubHealth+ Erasmus Mundus Dual Masters in Public Health. I have been the ASPHER Fellow on the Core Curriculum in which I co-lead the programme and I have been very lucky to have Syed as part of the team on the curriculum.

During his time on the Expert Advisory Group he gave useful information connected to his specialties which include health technology management, health data uses and health security.

Syed, is a very thoughtful, mindful individual, a deep thinker and an expert in all things in which digital technology blends in with public health. He has command of a variety of subject areas, and languages. Any project requiring these key qualities would be very lucky to have him as part of their team.

I wish him well,

Yours Sincerely

Mr. Karl F. Conyard

CHS, BSc. BHS, MPH & FRSPH

ASPHER Fellow on the ASPHER Core Curriculum Programme for Public Health

Fellow Member of the Royal Society for Public Health UK (Epidemiology & Biostatistics)

Fellow Member of the Royal statistical Society UK (Medical Branch)
