Admissions Committee
Master of Managing Digital
Transformation in the Health
Sector

Dear Admissions Committee,

I am excited to apply for the Master of Managing Digital Transformation in the Health Sector (ManagiDiTH) programme. With extensive experience in business, IT, and non-governmental organizations, I am eager to contribute to and benefit from this innovative programme that aligns closely with my expertise and aspirations.

As co-founder and director of the Greek Carers Network (EPIONI), I have worked on EU-funded healthcare projects, patient advocacy, and policy development. My background includes leadership roles emphasizing networking, fundraising, and healthcare transformation. Additionally, my personal experience as an informal caregiver has given me firsthand insight into the challenges faced by patients and caregivers, reinforcing my dedication to improving digital healthcare solutions.

Holding an MSc in Electronic Commerce from Kingston University and a Master's in Special Needs from the University of Nottingham, I have developed a unique blend of healthcare and digital expertise. My participation in advisory boards and stakeholder engagement initiatives has strengthened my ability to drive meaningful change in healthcare.

ManagiDiTH's balance of work and study and practical experience focus strongly resonates with my commitment to healthcare innovation. I am eager to contribute my knowledge and learn from esteemed faculty and peers to enhance healthcare accessibility and efficiency.

Thank you for your time and consideration. I look forward to the opportunity to contribute to the ManagiDiTH community.

Sincerely,
Spyridon Zormpas

Hello, my name is [Your Name], and I am excited to apply for the ManagiDiTH programme. With a background in business, IT, and healthcare advocacy, I have dedicated my career to improving healthcare systems through digital innovation.

As co-founder of the Greek Carers Network (EPIONI), I have worked on EU-funded projects, policy development, and patient advocacy. My personal experience as an informal caregiver has given me a deep understanding of the challenges caregivers and patients face, fueling my passion for digital transformation in healthcare.

With degrees in Electronic Commerce and Special Needs Education, I have developed a unique blend of technical and societal expertise. I am eager to collaborate with faculty and peers, contribute my knowledge, and learn innovative solutions to make healthcare more efficient and accessible.

Thank you for your time. I look forward to the opportunity to join the ManagiDiTH programme and drive meaningful change in healthcare.
