ABOUT MYSELF

A highly motivated Electrical and Computer Engineer, holding an Integrated Master's Degree in Electrical and Computer Engineering from the Aristotle University of Thessaloniki, as well as a Certificate of Proficiency in English (C2 level). I have hands-on experience in managing European Union projects, gained through my role as an R&D Project Officer at the technical company Renel over the past year. I am seeking to leverage my technical background and project coordination capabilities to contribute to innovative and high-impact initiatives. Dedicated to delivering high-quality results on time and within scope, I maintain a strong focus on continuous improvement. Committed to advancing organizational goals and ensuring project success, I am eager to apply my skills in a dynamic, fast-paced professional environment.

WORK EXPERIENCE

Renel IKE

City: Thessaloniki | **Country:** Greece

[01/03/2024 – Current]

R&D Project Officer

Involved in evaluating calls, drafting proposals, and developing detailed technical descriptions and implementation plans for European programs.

Contributed to project success by securing funding and ensuring timely delivery.

Strengthened my communication skills and enhanced my English proficiency, as effective collaboration with both native and non-native partners was essential.

Monitored budget preparation, timescales and resources used to achieve project success.
