ABOUT MYSELF

Motivated and empathetic registered nurse with a multicultural background and a strong blend of clinical experience and technical proficiency. Skilled in acute and elderly care across challenging environments, including international hospital settings and Finnish healthcare facilities. Holds diplomas in Java Programming and Artificial Intelligence for Business Planning, reflecting a keen interest in the intersection of technology and healthcare. Proven ability to work under pressure, adapt quickly, and contribute meaningfully in team-based settings. Experienced with digital health platforms such as APOTTI and passionate about leading digital transformation initiatives that improve patient outcomes and healthcare delivery systems.
